Advanced Settings

Featured Image Size

Featured Images are typically displayed based on the Widget Size option but you can choose a specific size if you'd like.

CSS Class(es)

Space separated list of custom CSS classes which can be used to target this widget on the front-end.

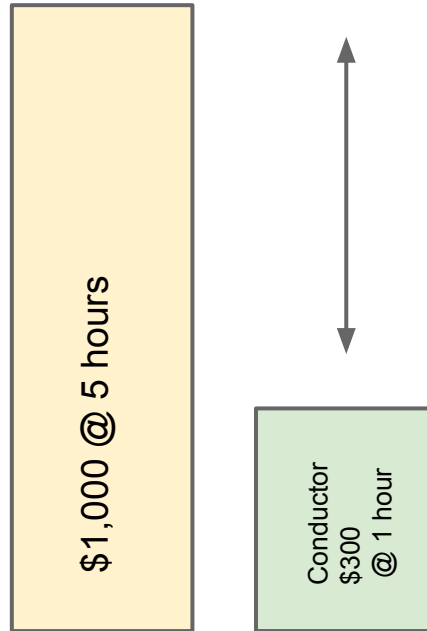

Include Only These Posts

Comma separated list of post IDs. Only these posts will be displayed. Some settings above will be ignored. [How do I find an ID?](#)

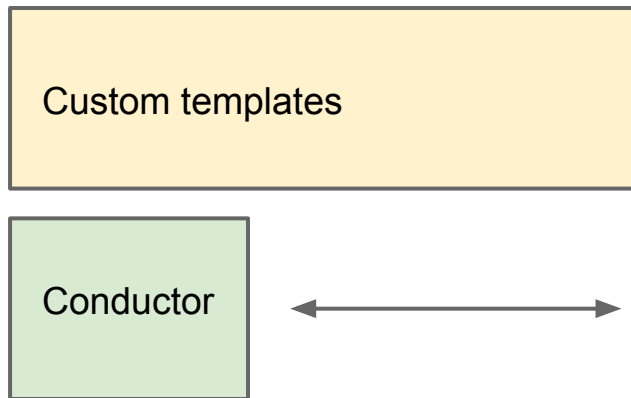

Exclude These Posts

Comma separated list of post IDs. Will display all posts based on settings above, except those in this list. [How do I find an ID?](#)

Agencies: Increase your profit margins.

Developers: Save a boatload of time

Implementers: Look like a Rockstar

**A simple solution, to a
complex problem.**

Future Conductor add-ons

- User query display
- Custom fields display
- Content slider display
- Display content in a list
- Display content in a table
- WooCommerce
- Easy Digital Downloads
- Paid Memberships Pro
- Comments
- bbPress
- Display content in a map
- Display content in additional custom layouts
